**The Sign

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

Showing Construction of Interlocking Cement Stave Silo.

We claim that the Interlocking Cement Stave Silo is the best—

BECAUSE It is air tight and water proof and will preserve the silage perfectly under all weather conditions.

It is a permanent silo, and grows stronger with age.

It cannot be destroyed by fire, and is strong enough to resist any wind.

It is acid proof.

It will require no attention to keep it in perfect condition.

It carries its own life and fire insurance.

It will freeze as little as any silo on the market.

It sells for less than a good wooden silo, and will last forever.

The first cost is the total cost; no expense for repairs, painting and attention of hoops.

THEREFORE, if you want the best and cheapest Silo made, get the Interlocking.

The City Directory

R. L. POLK & CO., Publishers, 717-718 Polk Bldg.

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

Detroit Directory Library—Every Directory Office is a Branch

HOW DIRECTORY LIBRARIES ARE USED

He Wanted to Buy a Home

"Who sells ready-cut houses?" said a man to us the other day. "There is nobody listed under that heading in the Detroit City Directory, but I know there is some concern out in the State which sells them."

Reference to the Michigan State Gazetteer (State Business Directory) soon told him that the concern he wished was the North American Construction Company, of Bay City, Mich. "I will write and order what I want at once," was his parting remark.

Where one instance of this sort comes to our attention, the same things are happening over and over again wherever a City Directory is to be found.

If you will trace back new customers to find out how they found you, City Directory classified lists will receive their share of the credit.

The classified section of the City Directory is the greatest buyers' guide on earth. Any one classification may secure the largest order and the best customer, any one every day in the year, and its omission may lose a large order at any time.

Every day, all over the country, thousands of people are consulting Polk's Directory Libraries. We offer you the free use of our directories for single reference.

Many Directories of various cities are bought by progressive concerns, who desire up-to-date mailing lists, classified by trades and otherwise.

Ask for a free copy of our "Directory of Directories," or for our "List of Mailing Lists."

A \$50,000.00 Order

A traveling man from St. Louis called on a wholesale dry goods house in St. Paul, to sell salvage goods. They did not deal in that class of goods.

Later the firm dissolved. One partner decided to engage in that line of trade and wanted to buy a complete stock, amounting to about \$50,000.00.

He called at our office and examined the St. Louis Directory to find the name of the house the agent represented. The classification "Salvage Goods" did not show it.

We, being more familiar with the classifications in a Directory, found it under "Bankrupt Stocks," much to the delight of the jobber, and a tremendous order was placed with the salvage house.

Introduction

The twenty-fourth edition of R. L. Polk & Co.'s Des Moines and Valley Junction Directory is herewith presented. It is similar to the directories of former years, only larger. It represents a vast amount of work and untiring effort in gathering and compiling the statistics of this growing city into book form, so that every resident may be readily found and the societies, organizations, public departments, schools, churches, etc., may be learned. In the "Index to Miscellaneous Information" which follows is shown the number of the page on which any desired information can be found.

POPULATION OF GREATER DES MOINES.

The customary means of estimating the population is to multiply the number of names of individuals in the Directory by $2\frac{1}{2}$ —to allow for the names of women and children not included in the canvass. In the present volume there are 48,596 names of persons who resided in Greater Des Moines at the time the canvassers took the information for this book. Multiply this number by $2\frac{1}{2}$ and we have an estimated population of 121,490 for the territory covered by the Directory.

Des Moines has the largest roofing tile plants in the United States.

Des Moines makes 3 per cent of the proprietary medicine in the world.

Des Moines has installed the finest electroluer street lighting system in the United States.

Over 70 per cent of the residents of Des Moines own their own homes.

Des Moines farm and agricultural journals have a circulation of more than a million.

Des Moines has the third largest millinery jobbing house in America.

Des Moines has the largest convention building in Iowa, and one of the largest in the West. The Coliseum has an arena with seating for 9,000 persons. This may be converted into an exhibit hall with a level and unobstructed floor space 104x197 feet. There is a smaller assembly hall in the building seating 900 persons and there are also several committee rooms.

Des Moines is the capital of Iowa. The state has here a capitol costing \$3,000,000; historical building costing \$500,000; state fair grounds representing \$2,500,000 invested. All of the departments of the state government and headquarters of all the state institutions are in Des Moines.

Des Moines is governed by the Des Moines Plan. Five commissioners are elected at large, are assigned to departments, and like the directory board of a bank, direct its affairs.

Chamber of Commerce—We invite you to write to us about business openings, to visit with us, to trade and bank with us, to send your children to our schools, or better, come and live with us and be one of us—we will gladly answer all letters of inquiry, address Chamber of Commerce.

Directory Library—A Directory Library supplied with current issues of the directories of the principal cities of the country is maintained by the publishers at their offices in the Polk Building for the free use of the public.

Printing

OUR establishment, where we have our own corps of artists and designers and are equipped for printing high class advertising literature, books, catalogs, commercial forms and stationery of every kind, enables us to render you a complete printing service that relieves you of all detail work in connection with it and guarantees the delivery of a finished product that will be forceful, attractive and business compelling.

The 'Phone will bring our man to you.

Lithographing

THERE is no lithographing house with superior facilities for doing high grade bank, insurance and commercial lithographing. If you will drop us a card or 'phone us we will show that we are able to do a superior class of this work.

Sales Books

WE make duplicating sales books and are prepared to deliver any quantity on short notice. We are equipped with automatic machinery of our own invention that enables us to sell these books at low prices. The fact that we are located right here in Des Moines enables you to buy this class of work on a much more satisfactory basis than you have ever been able to do before. We specialize on grocery and butcher shop sales books, although we are in a position to furnish you any special form that may be required.

We are the only house in the state of Iowa that is equipped to do this work, and as such we would like the privilege of submitting our prices and qualities for your next order. Let us talk to you about it.

ESTABLISHED TWENTY-FIVE YEARS

THE KEELEY TREATMENT

*For Nervousness and Craving for
Liquor, Drugs and Tobacco*

Alcohol paralyses the nerves, impairs the function of the brain cells and their diseased condition is the result. The Keeley Treatment recognizes this diseased condition. The general health improves from the beginning, the nervous system is built up, the nerve cells restored to their original unpoisoned condition, and the craving for alcohol eliminated.

The Keeley Institute at 617 Fourth St., Des Moines, Iowa, is the only Keeley Institute in Iowa, and the only place in the State of Iowa where the
